Suzanne – Sorry, I forgot to answer your first question. The language you see on the improvement issue is OGC's language.

All – Here are the OGC edits. I am fine with all of these and we can fill in the blanks. Also, Steve provided some language on why we need the Hennis property and I summarized it and have added it to the end of a copy of the Hess version see second attachment. Let me know what you all think. I will work on drafting the two consent for access forms I mention in the letter.

Steve – I especially need you to look at my summary of your language.

Thanks
